Exercise 4: Read the text below and make a list about kinds of genres of games and their examples.

There are so many different genres and mixes of genres that it's difficult to put each game into a specific category. In the following article we'll cover the basic genres that differentiate between games.

The **First-person shooter (FPS)** and **Action** genres are currently the most popular. Games like *Half-Life*, *Halo* and *Call of Duty* are the most popular games in the FPS category. For action, innovative titles like the *Grand Theft Auto* series, *Gears of War* and *Splinter to Cell* are huge successes.

The **Role-playing game (RPG)** genre has remained strong throughout the entire history of console and PC gaming. Current hits like *Final Fantasy XII* *Oblivion* and the *Knights of the Old Republic* series are all based on RPG roots. The recent development of massively multiplayer online RPGS has been made possible by widespread broadband access, allowing games to play internationally with thousands of people across the globe in a constant virtual world.

Adventure games and **Puzzle games** remain strong despite being limited in scope and technology. The new concept of party games- where people play together in multiplayer mode - has recently injected new life into this genre. Titles like *Zelda* and *Wario- Ware* are familiar names.

Sports games are an increasingly popular portion of the gaming industry. Electronic Arts (EA) have been making games licensed from the NBA, NFL, WWE, and MLB for over a decade. Another sector of the
